PORTFOLIO

GANNET 1954

The lightship at Holzpark Klybeck: a unique venue for events with character. Right on the waterfront, between steel and sunset – Basel as you've never experienced it before.

GANNET 19

HELLO, I AMA LIGHTHOUSE

Light vessel: **a** manned or unmanned watercraft equipped with a **beacon** similar to a **lighthouse**, which serves as a navigational aid for maritime shipping.

Beer idea with instant crush – September 2018

The idea came about at sunset on the Les Ateliers terrace: "We need a venue for weather-protected concerts – preferably underground! A damaged barge was out of the question, but maybe another ship?"

Two weeks later, Katja, Tom, Roy and Ändu, the former Rhine shipping captain, travelled to England in search of the right boat. In Chatham, they fell in love at first sight with the rusty stern of a red lighthouse ship defying the tides – the GANNET.

The decision was made quickly: this thing had to go to Basel – up the Rhine via the canal!

E QUICK FACTS

1. CAPACITY

Sun deck: 100 pax

Restaurant: 90 pax Event room: 120

- 300 pax

2. DIMENSIONS

Sun deck: 138 m² Middle

deck/restaurant: 100 m² Event

room: 170 m²

3. EVENT FORMATS

B2B:

Corporate events

Team building

Networking

Product launches

Corporate events

Private: Family

celebrations

TECHNICAL

The heart of the ship: the former engine room has been converted into a versatile event space.

Minimalist, raw and with industrial charm, it offers space for larger company parties, workshops, panel discussions, product presentations, club nights and many other formats.

Sound and lighting systems as well as a projection screen are integrated. Acoustically optimised.

TECHNICAL

With lots of wood, portholes all around, a warming Swedish stove and a spacious bar, the restaurant is ideal for formal dinners, workshops, small presentations and much more.

The atmosphere is warm, industrial and yet high-quality. Portholes offer a direct view of the Rhine and Switzerland's largest temporary use site, the Klybeck Wood Park.

The furniture is flexible, technical equipment (music, projector/TV, microphone) available on request.

Details

TECHNICAL

High above the Rhine, with a direct view of the sunset, the former helipad is perfect for banquets, aperitifs, informal get-togethers or summer parties.

The combination of indoor spaces and a sun deck allows for weatherproof event options. Part of the helipad is covered by a sun sail.

Power connections and lighting are available. Basic audio equipment can be provided.

FACTS & FIGURES

- Seating capacity: 100 people
- Standing room: 300 pax
- Size: 138m²
- Catering: 1x bar with tap, kitchen on the deck
- Audio: possible on request
- Lighting: available on request
- Multimedia: 85" TV, microphone,
 WiFi
- Delivery: direct access possible
